

# YHA Queenstown Lakefront Groups Safety Information

As of July 2017

**Venue Name:** YHA Queenstown Lakefront    **Phone Number:** 03 442 8413

**Physical Address:** 88-90 Lake Esplanade    **Reception Hours:** 6.30am - 10.00pm  
Queenstown

**Email:** [queenstown.groups@yha.co.nz](mailto:queenstown.groups@yha.co.nz)

**Contact:** Anna Allan, Group Coordinator and Sue Fairclough, Operations Manager

**After Hours:** The property is staffed 24hours a day and staff can be contacted via a mobile number at reception.

**Closest Hospital:**

Lakes District Hospital  
20 Douglas Street  
Frankton  
Queenstown  
03 441 0015

**After Hours Medical Centre:**

Queenstown Medical Centre  
9 Isle Street  
Queenstown  
03 441 0501

**Assembly point for evacuation:**

Top end of the carpark on grassy verge to left of hostel.

**General Security:**

The main entrance is locked at 10.00pm and re-opens at 6.30am. Between these times your room key will give you access to the building. All rooms are accessible only by secure key cards and doors lock automatically when closed.

## YHA's Commitment to Group Safety

- YHA guarantees that your group's shared rooms will be exclusive to you
- Where required your students will be separated by gender
- For school and youth groups there must be one adult leader of each sex if it is a mixed party in a ratio of 1:10
- YHA accepts teaching assistants, parents or guardians as sub-leaders, where there is a qualified leader assigned to each gender
- YHA will take all reasonable precautions to ensure the safety and security of your group and property
- A member of staff will be available 24 hours a day
- We operate strict close-down procedures and fire security checks every night
- Hostel staff will brief the group leaders on safety and security
- YHA will assist with providing risk assessment information on request

**Please note:** While YHA takes the health, safety and welfare of everyone seriously, responsibility for the group rests with the Group Leaders. YHA staff cannot act 'in loco parentis' but will report inappropriate behaviour to Group Leaders for action.

# YHA Queenstown Lakefront Emergency Procedures Advice

As of March 2017

Emergency Procedures are in place to ensure the safety of all people in our building in the event of an emergency.

## Responsibilities for Groups

Group Leaders are expected to have the following to hand in case of emergency:

- A record of all group members
- Up-to-date contact information (those on the trip, and for parents/whanau)
- Mobile phone(s)
- Any medication that is required
- First aid kit (advisable)

## Building Evacuation

- Upon hearing the continuous sounding of the Fire Alarms all occupants should leave the building immediately. The continuous sound of alarms will be audible throughout the building as they are activated.
- Egress is available from ground, first and second floors in the building via the marked emergency exits.

## Fire Evacuation Procedures

Even in a modern fire resistant building, immediate evacuation of all areas of the entire building is essential upon discovery of a fire or upon sounding of the alarms, even if you cannot see or locate the fire.

All doors to the stairs are Smoke Stop doors and are specially designed to inhibit the spread of smoke and fire. These doors will automatically shut when the fire alarms sound and are NOT propped open when the alarms are sounding.

Assemble at the top end of the carpark on grassy verge to the left of the hostel.

## Building Safety Equipment

The building is fitted with an automatic sprinkler system, smoke detectors, manual fire alarms and extinguishers. These are located on each floor.

An emergency grab bag is available at reception as well as 1<sup>st</sup> Aid supplies.

## **Earthquake Procedures**

In the event of a significant earthquake, staff will act decisively to ensure their own safety and that of the guests. The procedures following a significant earthquake are NOT the same for a general evacuation.

**We do not automatically evacuate the building during an earthquake.** We advise guests to stay in the YHA unless advised by staff to do otherwise. YHA's Crisis Management Plan will be automatically activated.

### ***Immediate response during the earthquake***

- DROP, COVER, HOLD
- If you are in an open space, crouch covering your head and neck with your hands and arms until the quake subsides (the TURTLE).
- If you can crouch next to a substantial wall or in a door way, do so, bracing yourself against the wall.
- If you can take cover under a table or solid object do so. If you are able to hold on to something to brace yourself.

### ***Immediate actions post shake***

- Before moving from your location check for hazards. Use stairs not lifts.
- Be prepared to find a safe location in the event of aftershocks.
- If the shake is prolonged move to higher levels.

**Do not** move if the place you are in is safe. **Do not** attempt to rescue others if it puts you at risk

### ***Reminders:***

- It is important to remain calm. YHA Queenstown is designed to be a safe building in the event of a major quake.
- The building is designed to move. This can feel unsettling, but is a good thing.
- In the event of a severe quake, communications may be compromised. Text messages have been proven to be the most reliable in event of emergency.
- Your number one priority is your safety. Then it is the safety of the rest of your group.
- Do talk to others around you. Find out what they know, what skills they have, who has means of communication.

## **Tsunami Procedures**

- A decision to evacuate the building will be made in conjunction with Civil Defence
- If a decision is made to evacuate, guests are required to move to the Civil Defence Sector Post:  
**Queenstown Primary School, 20 Robins Road.**

# Risk Assessment Management System

The following Risk Assessment and Management information is provided to help groups planning trips involving YHA Queenstown. An electronic copy of the Risk Assessment and Management document can be found at: <https://www.yha.co.nz/schools>

As per the Health and Safety at Work Act 2015 the purpose of a risk assessment is to identify and manage risks. In managing risks to health and safety, we must identify hazards that could give rise to reasonably foreseeable risks to health and safety.

We are required to;

- Eliminate risks to health and safety, so far as is reasonably practicable, or;
- If it is not reasonably practicable to eliminate risks to health and safety, to minimise those risks so far as is reasonably practicable

The definition of 'hazard' is:

- An activity, arrangement, circumstance, event, occurrence, phenomenon, process, situation or substance (whether arising or caused within or outside a place of work) that is an actual or potential cause or source of harm. This includes:
  - A situation where a person's behaviour may be an actual or potential cause or source of harm to the person or another person
  - Without limitation, a situation described in subparagraph resulting from physical or mental fatigue, drugs, alcohol, traumatic shock or other temporary condition that affects a person's behaviour.

YHA staff are trained to provide emergency evacuation procedures. Staff are qualified in first aid. First aid kits are readily available at reception and staff laundry.

## YHA Queenstown Lakefront Hostel Hazard Register – Customer Facing Risks

### Risk Analysis Rating

<b>High Risk</b>	<b>H</b>	Remains a significant consequence for YHA with a high likelihood of causing significant harm
<b>Medium Risk</b>	<b>M</b>	Remains a moderate consequence for YHA with a medium likelihood of causing significant harm
<b>Low Risk</b>	<b>L</b>	Remains a minimal consequence for YHA with a low likelihood of causing significant harm

Location	Hazard	Risk	Risk Rating	Eliminate	Isolate/ Minimise	Control	By who?	Monitoring Frequency
<b>All glass doors</b>	Glass doors - Guests could not realise the door is closed and walk into it	Bump	L		Y	Signs on the door to identify that it is closed	Evening Reception shift	Daily
<b>All hostel corridors &amp; public areas</b>	Bags etc. left in hallways	Fall	L		Y	Keep walkways clear of objects	All staff members	Daily
<b>All areas</b>	Vacuum cables	Fall	L		Y	Staff to minimise the time that leads are left across the hallways	Reception and cleaning staff	Daily
<b>Tiled floors / Lino floors</b>	Slipping on floors when wet/or raining outside	Fall	L		Y	Keep floors dry – particular attention required when wet outside	On duty reception staff	Daily and hourly when it's raining
<b>Bathroom and kitchen floors</b>	Slipping on floors when wet	Fall	L		Y	Doors to be locked while wet, signs to be up warning of wet floor areas where this is not possible	Contract cleaners	Daily
<b>Carpeted floors</b>	Tripping on worn carpet	Fall	L		Y	Report any work areas or rips immediately via shift reports and have carpet repaired	Room check reception staff	Daily
<b>Staircases</b>	Tripping down stairs- two staircases are particularly steep	Fall	M		Y	Keeps area clear and dry – danger from steep stairs has been minimised by installation of suitable hand rails	Reception staff	Daily
<b>General</b>	Tripping hazard in TV room if lights are turned off	Fall	L		Y	Lights to be turned on when TV room in use	Reception room check staff member	Daily
<b>All rooms</b>	Trapping fingers in the doors	Injury to hand	L		Y	Ensure hinges are well maintained and door closers don't close too quickly	Reception room check staff	Daily
<b>All rooms</b>	Windows opening too wide allowing guests to lean out	Fall	L		Y	All windows fitted with restrictive stays	Management	Annually
<b>Garden Furniture</b>	Wobbly chairs or broken furniture	Falls	L		Y	Regular checks and maintenance required to ensure these are kept in good order	Management	Monthly

<b>Outside pathways &amp; decks</b>	Garden rubbish on pathways, Ice, snow	Falls	L		Ensure these are kept clear of rubbish. Check daily during winter to ensure that it is not slippery. Put grit down if necessary or salt. Also put signage indicating that the surface is icy	Reception staff	Daily
<b>Kitchen</b>	Sharp knives	Cut	L	Y	Ensure sharp utensils are stored separate from general cutlery	Operations/Duty Manager	Daily
<b>Kitchen</b>	Cooking equipment left on and unattended	Burns	L	Y	Regular checks of the kitchen areas	Reception staff	Daily
<b>Kitchen</b>	Burns from hot water e.g. zips	Burns	L	Y	Warning signs	Operations Manager	Monthly
<b>Kitchen</b>	Hob elements, sandwich makers and toasters	Burns	L	Y	Warning signs	Operations manager	Monthly
<b>Kitchen</b>	Loose handles on pots and pans	Burns	L	Y	Ensure that all equipment is regularly checked and either repaired or removed from the kitchen	Operations Manager	Weekly
<b>Reception</b>	Robbery	Harm – physical and psychological	L	Y	Staff trained in what to do if a hold up occurs and all cash to be counted out of sight in the back office. (in CMP)	Operations Manager	Yearly and induction
<b>Courtyard</b>	BBQ	Burns	L	Y	Laminated sign attached to BBQ with instructions on how to use it	Operations Manager	Monthly
